REPORT  
OF THE  
SECRETARY OF STATE  
OF CANADA

FOR THE YEAR ENDED DECEMBER 31, 1903.

*To His Excellency the Right Honourable Sir Gilbert John Elliot, Earl of Minto, G.C.M.G., &c., &c., &c., Governor General of Canada.*

MY LORD,—I have the honour to lay before Your Excellency a statement showing the operations of the Department of the Secretary of State for the year ended December 31, 1903.

The steady increase in the work of the various branches of my department which has characterized each year for a considerable time past has been maintained during the twelve months now closed. This increase has been especially notable in the number of companies to which letters patent were issued under the Companies Act of 1902, and the amount of revenue resulting from the collection of fees thereon, the simplification of procedure under the new Act as compared with the tedious requirements of the statute which it replaced being heartily commended and evidently appreciated by the commercial world, to which the restrictions and the frequent delays unavoidable even with the best intention and closest application, under the former Act were particularly vexatious. The total number of charters issued last year was 187 as compared with 126 in 1902, and going back ten years, the increase in the one year was within two of the total reached in 1893. The addition to the revenue is of course proportionate and it is remarkable that the returns, viz, \$47,400, from this source alone were considerably more than double the entire revenue in the previous year, when the total from all sources was \$21,403. Comparing these figures with those of a decade ago the one item of letters patent of incorporation has yielded more than nine times as much as the then total amount. It is moreover interesting and satisfactory to note that the present revenue

3-4 EDWARD VII., A. 1904

under The Companies Act covers the salary list of my staff. And the complete revenue for the calendar year equals the entire office expenditure; so that the department is self-sustaining. The usual detailed information concerning the companies incorporated or granted supplementary letters patent will be found in the report of the Deputy Registrar General, Appendix A.

#### NATURALIZATION OF ALIENS.

The administration of the Act of 1902 providing for the registration in my Department of naturalization certificates granted throughout the Dominion formed another very important feature of the year's work. The measure has been attended with the most gratifying results. Not only have the returns required by the Act been received regularly since its adoption, but compliance also with the law in respect of naturalizations granted prior to 1902—some of them dating as far back as 1852—which involved considerable labour and in some cases unsuccessful searches, was both general and satisfactory. Nearly fifty thousand names have so far been returned and are now being recorded in two distinct alphabetical lists, one for past naturalizations up to January 1, 1902, and the other for naturalizations granted since that period.

In the face of the flow of immigrants now seeking homes in Manitoba, the North-west Territories and the Yukon Territory, and with a view to increasing the facilities for their naturalization, it was deemed advisable to further amend the Naturalization Act. To that end and for other purposes hereafter set forth, legislation was passed as embodied in chapter 38 of the Statutes of 1903, of which the following are the features.

Section II of chapter 113 of the Revised Statutes of Canada dealing with the presentation of the certificate of the alien to the Courts having jurisdiction to grant naturalization, has been made clearer in so far as the jurisdiction of county courts in the matter, in the provinces of New Brunswick and Nova Scotia is concerned. Jurisdiction in Manitoba has been enlarged so as to allow naturalization proceedings to be carried out within the judicial district of the King's Bench instead of in the county in which the alien resides, or before a Judge of the Court of King's Bench sitting in Court if the alien resides in the eastern judicial district.

In the Yukon Territory application for naturalization is to be made to the Territorial Court during its sittings in the circuit within the jurisdiction of which the alien resides.

In the North-west Territories more convenience is afforded by the enactment that for the issue of naturalization papers application may be presented to a judge of the Supreme Court sitting in chambers instead of in court.

Safeguards surrounding the granting of naturalization have also been provided. In all the provinces (but not in the North-west Territories) a notice of the presentation of an application for naturalization requires to be posted in a conspicuous place, in the office of the clerk three weeks before the court considers the same, in order to allow proper time for the filing of any opposition (if there be any) to its being granted. The time in the North-west Territories for the posting of such notice in the court house in which the judge holds his chambers is limited to two weeks.

## SESSIONAL PAPER No. 29

The period of residence in Canada for British subjects by birth who have become aliens and are desirous of returning to their native country, which under the old Act had been fixed at three years, has been changed to three months.

Under the provisions of the new amending Act, a tariff of fees payable for the preparation and transmission of naturalization returns was approved by Your Excellency in Council on September 1, 1903, and appears to afford adequate remuneration to the clerks of courts performing that service. The disbursements for this purpose are made by my department, and while the aggregate expenditure is comparatively small, the multiplicity of detail and the large number of individual payments entail a great deal of careful and laborious attention. Further reference to the naturalization returns will be found in the report of the work done in the registry branch of my department, in which the names of all persons naturalized are now recorded, the report showing in tabulated form the total number of each nationality. Similar statements will be included in my report yearly hereafter.

## SCHOOL TEACHERS IN SOUTH AFRICA.

Since my last report the original engagements of the Canadian school teachers sent out to the new South African colonies by my department on behalf of the Imperial Government have terminated, and many of the teachers have returned to their homes. In all cases I am glad to say the selection made by the educational authorities of the several provinces has been justified by the result; and that the services of the teachers have given complete satisfaction is amply proved by the re-engagement for a period of years of any who were willing to remain in South Africa. Two additional teachers were engaged on behalf of the Transvaal Government in 1903, viz.: Miss Amy Iddles and Miss E. Iva Yerxa both of St. John, N.B., who accepted positions in the Normal School, Johannesburg, for a term of three years. The necessary arrangements for the passages of these ladies were made by my officers and they sailed from St. John in April last.

It is with much regret that I have to record the death of two of the teachers who had gone to South Africa in the previous year, viz.: Mr. Eldon Mullin, M.A., head master of the High School, Pretoria, formerly principal of the Normal School, Fredericton, N.B., and Miss Sylvia Blanche Lee of Cookshire, one of the ladies who sailed in April, 1902.

## PASSPORTS.

My Department is constantly in receipt of requests for information upon the subject of passports concerning which there is a widespread lack of knowledge. As the matter is one of considerable importance at the present time in view of the war in the far East I have thought it wise to republish the regulations governing the issue of passports, and also the information based on that furnished by the Foreign Office respecting the passport regulations of foreign countries in which it will be observed several changes have been made since my last report.

In connection with this subject it will not be out of place to invite the attention of the travelling public to the desirability of providing themselves with passports before setting out upon any journey into foreign lands. Although there are many countries in which these documents are not required it is always well to carry them if only as a rea-

dy means of identification both individual and national in cases of accident or other emergency.

## REVENUE AND EXPENDITURE.

The statement of the revenue of my department, in accordance with the usual practice, is for the fiscal year ended June 30 last, in order that the figures may agree with those published in the report of the Auditor General. The total shows a remarkable increase over that of the last preceding year, the amount received being much more than double that collected in 1902 which in its turn was larger by over one half than that of 1901. The increase is mainly due to the very great growth to which allusion has already been made, in the number of companies incorporated or granted supplementary letter patent under the Companies' Act of 1902. Comparing the full revenue for the calendar year a similarly gratifying increase is found, the total being \$54,099.20, as compared with \$35,666.32 for the year ended December 31, 1902. With this revenue the department, as I have already observed, is self supporting, the income being now sufficient to cover the entire salary list and departmental expenses.

A statement of the disbursements under the Naturalization Act the appropriation for which was not available until after the session of parliament, will be included in my next report, for the current fiscal year. So far, it may be mentioned, the outlay is about \$5,000, which covers the payment of nearly all the accounts for returns of all persons naturalized in Canada from confederation up to June 30, 1903.

The statement of fees received during the fiscal year ended June 30, 1903, is as follows :—

†Quarterly returns of these lands were sent to the registrar of each city and county in the province of Ontario and to the secretary-treasurer of each city and county in the province of Quebec in which patents were issued, and a copy of the several returns in Ontario was also sent to the provincial secretary of Ontario.

3-4 EDWARD VII., A. 1904

In addition to the foregoing statement, there have been copied, during the year 1,945 pages of manuscript, records, &c.

Since the coming into force of 'The Naturalization Act, 1902,' the work of this branch has materially increased. Two clerks have been constantly employed, during the past year, in indexing the names together with schedule of particulars required by the Act, contained in the returns which have been received and the work is progressing in a satisfactory manner.

There have been received, up to date, in round numbers, about 1,000 returns, covering the periods prior to and including that ended December 31, 1903; of these the returns under Section IV; i.e. prior to January 1, 1902, containing 35,293 names and for the two succeeding half yearly periods, ended December 31, 1902 and containing 3,813 names, making a total of 39,106 names have, thus far, been indexed, carefully examined and compared.

The returns have been classified, numbered and filed with the accompanying certified copies of certificates, in such manner as to facilitate reference to any particular return, at a moment's notice.

An index of the names of returning officers under the Act has been kept showing the number of names and certified copies of certificates returned by each.

An index also of the several counties and districts shows the particulars regarding each.

Considerable difficulty has been experienced in deciphering the names contained in these returns, a large proportion of which are foreign and obscure; in some cases the clerical work has been carelessly performed, rendering the transcription of these names a somewhat difficult task.

I may add, that in many cases these returns are partial and incomplete, this is true especially of those for the period previous to January 1, 1902, by reason of the fact that some of the officers concerned have neglected to keep a record of all the particulars, required by the Act and in some few cases the records have been lost or destroyed.

A table subjoined shows the various nationalities embraced in the returns already indexed but it will be observed that in a great many cases the former nationality is not given.

I submit the annexed synopsis, with accompanying index, of letters patent, issued during the year, to all companies incorporated under 'The Companies' Act, 1902,' embodying the name of the company, the date of incorporation, the amount of capital stock, with the number of shares and amount of each share, the names of corporate members with place of residence, the first or provisional directors of the company, the chief place of business, and the objects or purposes for which incorporation was granted; also, of all companies which have been granted supplementary letters patent during the same period under the said Act, and the purposes for which such supplementary letters patent were issued.

A list of companies licensed under 61 Vic., chap. 49, to carry on mining operations with the privileges of a free miner within the Yukon and North-west Territories of Canada, is included herein, and

A list of public officers to whom commissions have issued during the year under chapters 19, 114 and 115 (Revised Statutes of Canada);—is also furnished herewith.

All of which is respectfully submitted.

JOSEPH POPE,  
*Deputy-Registrar General of Canada.*

## APPENDIX D.

DEPARTMENT OF THE SECRETARY OF STATE OF CANADA,  
RECORD OFFICE, January, 1904.

To the Honourable  
The Secretary of State.

SIR,—I have the honour to report on the work performed and the progress made in the Record Office during the year 1903.

The number of searches and deliveries shows an enormous increase over previous years owing to the fact that several writers on historical subjects have required very numerous informations which, in most cases, were furnished to them.

The rapidity with which the employees of this office have been able to search for 3,276 papers and to give the required information in over 2,650 cases speaks highly for their personal ability and proves, beyond all doubt, that the system of indexing the documents inaugurated twenty years ago by the undersigned on his assuming the functions of Keeper of the Records, and the task of organizing this branch of the public service, is thoroughly efficacious.

I now pass on to a summary of the work done in sections B. and C. of this branch.

*Section B.*—During the year two hundred and seventy eight (278) requisitions for documents and information have been received and acted upon. Three thousand two hundred and seventy six (3,276) searches necessitated thereby have given the following result: In manuscripts, in two thousand one hundred and eighteen (2,118) cases, files were communicated or information given to the applicant, and in two hundred and thirty two (232) cases, the search was fruitless. As regards the printed documents; of those required, six hundred (600) have been delivered and three hundred and twenty six (326) were not in the office.

The Record Office, in 1903, as well as in previous years, has had the advantage to be of assistance and give valuable information and extracts of documents to several eminent historical writers; amongst others can be mentioned P. B. Casgrain, Esq., for his paper on La Maison Montcalm; Miss Texter, New Haven, Conn., U.S.A., on the establishment of French Royalists in Upper Canada, and Mr. Placide Gaudet, Ottawa, for his work on the Acadians.

*Section C.*—The work of indexing in triple form and of classifying the papers of the first period has progressed satisfactorily. Eleven thousand nine hundred and fifty nine (11,959) papers have been so indexed and two thousand three hundred and nine (2,309) files formed therefrom. In the execution of this work, some very interesting papers and documents have been found, amongst a number of which I may be allowed to single out the following:—

1. "Observations sur l'administration de Lord Dalhousie en Canada et réflexions générales sur l'administration des colonies" by A. G. D., 20 pp. folio, closely written.

2. Copy of a letter addressed to Lord Bathurst by the Duke of Wellington 6th December, 1825, on the defences of Canada.

3. Information gathered by F. R. Baddely, Lieut. R. E., relating to the population, fisheries and commerce of the district of Gaspé, in 1833.

4. Journal of an exploring expedition from Gaspé Bay through the interior of the district of Gaspé to Cascapédiac, by Mr. Erring, September and October, 1833.

## SESSIONAL PAPER No. 29

5. Exploration of the remote parts of the district of Quebec, 1833.
  6. Exploration des parties inconnues des comtés de Rimouski, Bonaventure et Gaspé, by Joseph Hamel, Québec, 1833.
  7. The expediency of cutting a canal between the Bay of Fundy and the Gulf of St. Lawrence is the subject-matter of a petition of the Chamber of Commerce of St John, N.B., to Sir John Harvey, Lieutenant Governor of New Brunswick.
  8. The annexation of the Magdalen Island to the Province of Prince Edward Island, is also a very interesting collection of documents in 1839.
  9. In the same year also is found the report and survey of water communication from Lake Erie by the Welland and St. Lawrence canals to Quebec.
- Additions, during the year, to the Library of Reference, amount to 707 volumes and pamphlets.

The whole respectfully submitted.

A. AUDET,  
*Keeper of the Records.*

## REGULATIONS RESPECTING PASSPORTS.

1. Applications for passports should be made in writing and inclosed in a cover addressed to 'The Honourable the Secretary of State, Ottawa.'

2. The charge for a passport, whatever number of persons may be named in it, is four dollars. The fee payable must accompany the application. Postage stamps will not be received as payment.

## SESSIONAL PAPER No. 29

3. Passports are granted only to British-born subjects, or to persons naturalized in the Dominion of Canada. A married woman is deemed to be a subject of the state in which her husband is for the time being a subject. Passports are not limited in point of time but are available for any time or for any number of journeys to foreign countries. When the party is a naturalized British subject he will be so designated in his passport.

4. Passports are granted to all persons either known to the Secretary of State or recommended to him by some person who is known to him; or upon the application of any chartered bank in the Dominion of Canada; or upon the production of a certificate of identity, a blank form of which may be obtained at the department, signed by any mayor, magistrate, justice of the peace, minister of religion, physician, surgeon, solicitor, or notary resident in the Dominion of Canada. In certain cases the applicant's certificate of birth must be produced in addition to the certificate of identity.

5. If the applicant for a passport be a naturalized British subject, his certificate of naturalization must be forwarded to the Department of the Secretary of State, with the certificate of identity granted in his behalf; and his certificate of naturalization will be returned with the passport to the person who may have granted the certificate of identity, in order that he may cause such naturalized British subject to sign the passport in his presence.

6. A passport cannot be issued by the Department of the Secretary of State on behalf of a person already abroad; such person should apply for one to the nearest British mission or consulate; a passport cannot be issued abroad to a colonial naturalized British subject, except for a direct journey to the United Kingdom or to the colony where he has been naturalized.

7. The bearer of every passport issued by the Department of the Secretary of State should sign his passport as soon as he receives it; without such signature either the *visa* may be refused, or the validity of the passport questioned abroad.

8. Travellers who may have any intention of visiting the Russian Empire, the Turkish Dominions, the Kingdom of Roumania, Persia, Venezuela, or Hayti, at any time in the course of their travels, should first have their passports *visés* at the nearest Russian, Turkish, Roumanian, Persian, Venezuelan, or Haytian consulate as the case may be. For the information of travellers proceeding to any of these countries via Great Britain, it may be stated that the addresses in London of these consulates are respectively as follows:—The Russian Consulate-General, 17 Great Winchester Street, E.C.; the Consulate-General of the Sublime Porte, 29 Mincing Lane, E.C.; the Roumanian Consulate-General, 68 Basinghall Street, E.C.; the Persian Consulate-General, 120 Victoria Street, S.W.; the Venezuelan Consulate, 31 King William Street, E.C.; the Haytian Consulate, 32 Fenchurch Street, E.C. Passports may also be *visés* at any of the other Consulates of Russia, Turkey, Roumania, Persia, Venezuela, or Hayti in the United Kingdom. Travellers about to proceed to any other country need not obtain the *visa* of the Diplomatic or Consular Agents of such country, except as an additional precaution, which is recommended in the case of passports of an old date.

N.B.—Although British subjects are now free to enter most foreign countries without passports, and the rules about passports have generally been relaxed, nevertheless colonial British subjects travelling abroad are recommended not to omit to provide themselves with passports, for even in those countries where they are no longer obligatory, they are found to be convenient as affording a ready means of identification, and more particularly when letters have to be claimed at a *poste restante*. For residence in Germany or Switzerland, a passport is indispensable.

NOTE—Naturalized British subjects should bear in mind that their naturalization has no effect within the limits of the Foreign State to which they originally belonged, unless they have ceased to be subjects of that state, in the manner prescribed by the laws thereof, or in pursuance of a treaty or convention to that effect.

## PASSPORT REQUIREMENTS OF FOREIGN COUNTRIES.

*Argentine Republic.*—No regulations in force. Persons born in His Majesty's dominions should, if they intend to become resident, even for a short time, obtain from a British consulate in the Republic a certificate of nationality for purposes of identification, and to secure exemption from military service.

It is desirable that persons intending to travel in the Republic should provide themselves with such certificates, which are issued on personal application, and on production of certificates of birth.

*Austria-Hungary.*—Although passports are not legally necessary in every case, travellers are advised to carry them. For purposes of residence a passport or other document to prove identity is necessary.

*Belgium.*—It is desirable for travellers to possess passports. For purposes of residence registration at the Police Office of the district is required, and a passport is accepted as evidence of identity.

*Bolivia.*—See Peru.

*Brazil.*—Passports not actually required, but travellers are advised to carry them for purposes of identification. If intending to become resident they should register their names and addresses at the nearest British consulate.

*Bulgaria.*—Travellers should carry passports of recent date. Bulgarian *visa* not required. Residents should provide themselves annually with certificates of registration under the Ottoman Order in Council.

*Central America.*—Possession of passports desirable both for personal security and purposes of identification.

*Costa Rica.*—No regulations in force.

*Guatemala.*—Alien residents are required to present at the Guatemalan Foreign Office passports *visés* by the Diplomatic or Consular officer in Guatemala of their native country.

*Honduras.*—No regulations except in times of disturbance.

*Nicaragua.*—No regulations in time of peace. To leave the country a local passport has, however, to be obtained from the Ministry of War.

*Salvador.*—Travellers should carry passports, and should, in addition, obtain passports from the Government of Salvador. (Charge for latter, 25 cents.)

*Chile.*—No regulations in force.

*China.*—Passports are not required at open ports. For travelling into the interior a special passport must be obtained from a British consul, which is valid for one year. (Cost, 3 dol, 50 c. *Mexican.*)

*Colombia.*—Passports are not required for entrance to the country in time of peace. For travelling in the interior it is advisable to obtain special passport from a British consul (charge 2s. 6d.). Immigrants without resources must be provided with a passport issued *gratis* by the Colombian Consul at port of departure.

## SESSIONAL PAPER No. 29

*Corea.*—Passports are not required within a radius of 100 li (33 miles) from the open ports. Persons travelling in the interior must obtain a passport through the British Consul. (Fee, 3·50 yen, about 7s.)

*Cuba.*—Although passports are not legally necessary, travellers are advised to carry them. Persons intending to reside in Cuba for any length of time should have their names registered at the British Consulate-General.

*Denmark.*—No regulations in force. But passports or similar documents may be required by the police from persons accepting employment in Denmark before furnishing them with an 'opholdsbog' (situation book), and also from music hall artistes.

*Iceland.*—No regulations in force.

*St. Thomas.*—No regulations in force. A local government passport must, however, be procured when leaving the island, the cost of which varies according to destination.

*Dominican Republic.*—Passport necessary. In order to leave the country a Dominican passport must, in addition, be obtained, for which a fee of about 1*l.* is charged.

*Egypt.*—Passports not required by law, but travellers are advised to carry them. For travelling in other parts of the Ottoman dominions, see Turkey.

*Ecuador.*—See Peru.

*France.*—The possession of a passport may save inconvenience, since evidence of identity may at any time be required.

For permanent residence, or in order to exercise profession or trade, a declaration, furnishing particulars with respect to the family, nationality, profession, &c., of the person making the declaration, is required to be made at the Mairie of the Commune within a few days of arrival.

*Algeria.*—Regulations similar to France, both as regards passports and residence, &c.

*French Guiana.*—Regulations similar to France, both as regards passports and residence, &c.

*Madagascar.*—Travellers are advised to carry passports.

*Martinique.*—Passports required by law, but law seldom enforced.

*New Caledonia.*—Possession of passport desirable in view of existence of penal establishment.

*Réunion.*—No regulations affecting Europeans in force.

*Saigon.*—Regulations similar to France, both as regards passports and residence, &c.

*Tahiti.*—No regulations affecting Europeans in force.

*Tunis.*—Regulations similar to France, both as regards passports and residence, &c.

*German Empire.*—The possession of a passport is not obligatory, but, as evidence of identity may at any time be required, it is very desirable for travellers, especially if they intend to reside for any length of time, to be provided with passports. Children sent to schools in Germany should carry passports.

*Greece.*—No regulations in force, except as regards persons entering the country by the land frontier, who are sometimes required to be in possession of passports.

3-4 EDWARD VII., A. 1904

*Hayti.*—A Passport (*visé* by a Haytian Consul) must, on arrival, be shown at the Port Office. It should also be produced and registered at the nearest British consulate. On leaving the country the *visa* of a British consul and that of the 'Commandant de la Place' (which costs about 2s.) must be obtained.

*Italy.*—The possession of a passport is not obligatory, but travellers may at any time be required to give a satisfactory account of themselves, and to establish their identity.

*Eritrea.*—Travellers proceeding to Italian colonies should, unless they carry special letters of recommendation to the authorities, provide themselves with passports, and obtain a *visa* from an Italian consulate.

*Japan.*—Travellers are advised to carry passports.

*Liberia.*—No regulations in force, but a passport issued by the Liberian Secretary of State is required from residents leaving the country. For this 50 cents is charged.

*Mexico.*—No regulations in force.

*Montenegro.*—No special regulations exist, but a passport properly *visé* is required for travelling through the surrounding Turkish and Austrian territories.

*Morocco.*—It is advisable for travellers to be provided with passports, which are sometimes necessary, *e.g.*, for travelling inland, or for embarking on board the French steamers for Oran. Any one wishing to travel into the interior should consult His Majesty's Minister at Tangier or the British Consul for the district through which his route lies.

British subjects residing for more than a month in Morocco are required, under the Morocco Order in Council, 1889, to register themselves at the British Consulate.

*Muscat.*—No regulations exist. Travelling in the interior is unsafe without an armed escort.

*Netherlands.*—The possession of a passport is not strictly necessary, but is recommended for purposes of identification.

Dutch Guiana: Curaçoa and Dependencies.—No regulations in force. Travellers are advised to provide themselves with passports as evidence of nationality.

Netherland East Indies.—Travellers, on arrival, must register themselves at the office of the chief local authority. For travelling inland in the islands, or for residence, a passport must also be obtained from the Local authorities, respecting which the British Consul should be consulted.

*Paraguay.*—No regulations in force. Neither passports nor certificates of nationality are required from foreigners by the local authorities. It is as well, however, for persons travelling in the interior of the country to be provided with passports.

*Persia.*—A passport bearing the *visa* of a Persian consular officer must be produced on entering Persia, and the passport should be countersigned by the Persian passport officer before leaving the country.

*Peru, Ecuador and Bolivia.*—A passport is not actually necessary, but it is desirable to possess one in order to be able to obtain from a British diplomatic or consular officer the certificate of nationality required in the event of civil disturbances.

*Portugal.*—Travellers are advised to provide themselves with passports. For residence, proof of nationality is required, and in travelling a passport may save the bearer much inconvenience.

## SESSIONAL PAPER No. 29

Azores.—Passports are not required except in times of public danger.

Cape Verde Islands.—Passports are not actually required, except in times of public danger, but they are useful in view of the fact that all foreigners have to personally register themselves at the Mayor's office as soon as possible after arrival.

Loanda.—Passport necessary.

Madeira.—No regulations in force.

Mozambique.—Travellers should be provided with passports.

Roumania.—Persons travelling to Roumania must be provided with passports bearing the *visa* of a Roumanian consul in the United Kingdom. On arrival they should at once obtain the *visa* of the British Legation or of a British consulate, and then, within twenty-four hours of arrival, apply to the Roumanian authorities for a permit to reside in the country. For a stay of less than eight days, this formality may be dispensed with, and the permit will be stated upon the passport by the police officials at the frontier.

Russia.—Visitors to Russia must be provided with passports bearing the *visa* of a Russian diplomatic or consular officer. Without such *visa* they will not be allowed to enter the country. To persons of the Jewish faith the *visa* will not be granted unless they are bankers or persons of the highest social standing.

The passport will enable the holder to reside in Russia for six months, when it must be exchanged at the Prefecture of St. Petersburg, or at the Chancery of a provincial Governor, for a Russian 'Billet de Séjour,' to be renewed annually.

The cost of such a "Billet de Séjour," varies from 7r. 15c. to 1r. 29c. Each "Billet de Séjour," on first issue or renewal, must be delivered to the local police officer for inscription or *visa*. For non-renewal of a 'Billet de Séjour,' at the time of its expiration a fine is exacted.

On leaving Russia a police certificate must be obtained, which is granted on the first visit of the traveller to Russia at a cost of 75c. On subsequent visits 6r. 50c. is charged. If a 'Billet de Séjour,' has been obtained it must be returned, when the passport will be handed back to the owner with the necessary authorization to leave.

Travellers to Russia should on each journey obtain a new passport to avoid the necessity of obtaining a "Billet de Séjour" on arrival, which they will be required to do when a passport is used six months after the date of the Russian *visa* attached to it.

Servia.—Travellers must be provided with passports in proper form, in order to establish their identity and nationality. Without such passports they will not be allowed to enter the country. The *visa* of a Servian consular officer is only required in the case of persons entering Servia from Turkey, but is not necessary in the case of travellers passing through Servia without stopping.

Siam.—No special regulations in force, but British subjects are required to register themselves at the British Consulate-General within one month of arrival. For travelling in the interior a passport must be obtained from the Siamese Government. Fee for registration, 2s. 6d. ; and for passport, 2s.

Spain.—It is most advisable for travellers to be provided with passports. The *visa* of a Spanish consul is not necessary, but will be found useful in travelling in provincial towns and country districts.

In the Province of Barcelona, British subjects should, on arrival, personally show their passports to His Majesty's Consul, who will thereupon furnish them with a certificate, which they are required to present, within twenty-four hours after their arrival in Barcelona, at the office of the Civil Governor (in country towns and villages at the

3-4 EDWARD VII.; A. 1904

office of the Mayor) in order that their names, description, &c., may be registered. A fine, and possibly expulsion, may result from non-compliance with this regulation.

Canary Islands.—No regulations in force.

Sweden and Norway.—No regulations in force.

Switzerland.—A passport is necessary in order to obtain a "Permis de Séjour," which must be taken out, after their arrival, by persons intending to reside in Switzerland. Children sent to schools in Switzerland should carry passports.

Turkish Empire.—Persons travelling to Turkey must be provided with a passport bearing the *visa* of a Turkish consular officer. Without such passport they will be refused admission to the country. British subjects desiring afterwards to travel within Turkey must obtain a permit through a British consul. On leaving Turkey the *visa* of a British consul should be obtained.

Tripoli.—Regulations similar to Turkey.

United States.—No regulations in force.

Hawaiian Islands.—No regulations in force.

Philippine Islands.—Passports not required.

Porto Rico.—Travellers are advised to carry passports.

Uruguay.—No regulations affecting Europeans in force. Travellers are, however, advised to have passports as evidence of nationality, in case of need.

Venezuela.—Travellers should be provided with passports bearing the *visa* of a Venezuelan consular officer.

Zanzibar.—No regulations in force.

## APPENDIX I.

REGULATIONS AND TARIFF OF FEES UNDER THE ACT RESPECTING  
LOAN COMPANIES.

Intending applicants for Letters Patent under this Act shall give two weeks previous notice in the *Canada Gazette* of their proposed application, stating therein :—

(a.) The names in full and address and calling of the proposed Board of Directors, and with special mention of the names of not less than three of the applicants who are to be the provisional Board.

(b.) The proposed name of the company, which shall not be that of any known company or partnership or individual or any name under which any known business is being carried on, or so nearly resembling the same as to be calculated to deceive or cause confusion. A subsisting name may, however, be given in whole or in part with the consent of the company or person entitled thereto, and the name of any existing company whose franchises and assets are to be acquired may be given to the applicants if the Governor in Council is satisfied that such company has the best right to that name.

(c.) The place within Canada where the head office of the company is to be established.

(d.) The object for which incorporation is sought.

(e.) The amount of the proposed capital stock, the number of shares and the amount of each share.

At any time not more than two months after the last publication of such notice, the applicants may petition the Governor in Council, through the Secretary of State, for the issue of such Letters Patent.

Such petition shall state the facts set out in the notice published in the *Canada Gazette*, and shall be supported by affidavits or statutory declarations under the provisions of The Canada Evidence Act establishing :—

(a.) That the proposed name is unobjectionable in the sense herein before indicated.

(b.) The sufficiency of the notice required by the preceding regulations.

(c.) The truth and sufficiency of the petition and of the facts therein set forth, including the verification of the signatures of the petitioners by an affidavit or statutory declaration made by the witness thereof.

A notary, a justice of the peace or a commissioner authorized to receive affidavits, shall be competent persons before whom any affidavit, affirmation or declaration required by this Act, or regulations made thereunder may be taken or made.

The following shall be the schedule of fees payable for Letters Patent under this Act :—

(a.) When the proposed capital stock is \$100,000—\$200.

(b.) When the proposed capital stock is more than \$100,000, and less than \$1,000,000, the fee to be \$200, and two dollars and a half for every additional \$10,000 or fractional part thereof in excess of \$100,000.

(c.) When the proposed capital stock is \$1,000,000 the fee to be \$500.

(d.) When the proposed capital stock is over \$1,000,000, the fee to be \$500, and \$5 for every additional \$10,000 or fractional part thereof in excess of \$1,000,000.

No steps shall be taken in the Department of the Secretary of State towards the issue of any letters patent under this Act until the fee therefor has been paid.

The Secretary of State shall be charged with the administration of this Act as far as the issue of Letters Patent thereunder is concerned.

Upon the granting of Letters Patent under this Act, notice shall forthwith be given by the Secretary of State in the *Canada Gazette*, and the company to which such notice relates shall cause the same to be published on four separate occasions in at least one newspaper in the county, city or place where the head office of the company is established.

Act,' Form 'B' be modified so as to read thus:—

B.

## THE NATURALIZATION ACT.

## Certificate.

I, C. D. (name and description of the person before whom the oaths have been taken)  
do certify that A. B., an alien (describing him as formerly of such a place, in such a  
foreign country, and now of such a place in Canada, and adding his occupation or  
addition) on the day of , subscribed and took, before me,  
the oaths (or affirmations) of residence and allegiance (or service and allegiance, as the  
case may be) authorized by the eighth section of 'The Naturalization Act,' and therein  
swore (or affirmed) to a residence in Canada (or service, &c.), of years; that I  
have reason to believe, and do believe, that the said A. B. within the period of  
years preceding the said day, has been a resident within Canada for  
(three or five, as the case may be) years (or has been in the service of the Government  
of Canada for three years; or as the case may be) that the said A. B. is a person of

3-4 EDWARD VII., A. 1904

good character, and that there exists, to my knowledge, no reason why the said A. B. should not be granted all the rights and capacities of a natural-born British subject.

Dated at \_\_\_\_\_, the \_\_\_\_\_ day of \_\_\_\_\_ C. D.

If the above certificate is applied for by a person, with respect to whose nationality a doubt exists, and who desires a special certificate of naturalization under section sixteen, add the following:—

‘I further certify that the said A. B. has doubts as to his nationality as a British subject, and desires a special certificate of naturalization under section sixteen of said Act.’

If the above certificate is applied for by a person previously a natural-born British subject, but who became an alien by naturalization, an appropriate statement to that effect should be inserted in the certificate.

Section 2. Certificates of naturalization in the North-west Territories, issued pursuant to section 13 of the said Act, may be in the following form, or to the like effect:—

### FORM ‘C.’

#### CERTIFICATE OF NATURALIZATION.

And whereas the certificate granted to the said \_\_\_\_\_  
under the tenth section of the said Act has been  
duly presented to the said Judge sitting in Chambers in the said Judicial District;  
And whereas a copy of such certificate has been duly posted in a conspicuous place in  
the Court House in which the said Judge holds his Chambers, and the said Judge has  
directed the issue of a certificate of naturalization to the said \_\_\_\_\_

This is therefore to certify to all whom it may concern, that, under and by virtue  
of the said Act \_\_\_\_\_ has  
become naturalized as a British subject, and is within Canada, entitled to all political  
and other rights, powers and privileges, and is subject to all obligations to which a
